SECRET

MEMORANDUM FOR THE SECRETARY, INTELLIGENCE ADVISORY COMMITTEE:

Subject: Alerting the Highest Authorities

1. An ad hoc committee of USCIB, appointed to study and make recommendations on the problem of alerting the highest authorities, has submitted the enclosed report to USCIB for consideration. In its study of the problem, the ad hoc committee found it necessary to make certain assumptions; certain of the conclusions and recommendations, in turn, depend on the validity of the assumption.

2. USCIB considers that the validity of the assumptions can more properly be assessed by the IAC than by USCIB, and, therefore, requests the IAC to furnish USCIB with its views with regard to the validity of assumptions made in the enclosed report.
